The proceeds of the New Loan is used partially for the full settlements of the Previous Loans. The making of the New Loan is collateralised. The collateral provided by the Borrowers for the New Loan is sufficient based on the value of the mortgaged properties for the New Loan determined by an independent valuer.

The advance in respect of the New Loan is also made on the basis of the Company's credit assessments with reference to the facts that (i) the collateral provided by the Borrowers is at the prime site in Hong Kong; (ii) the Borrowers are our repeated customers with no default record; (iii) their personal netwealth proves their repayment ability; (iv) repayment record of the Previous Loans is satisfactory; and (v) the term of the advance is relatively short. After taking into account the factors as disclosed above in assessing the risks of the relevant advance, the Company considers that the risks involved in the advance to the Borrowers are manageable.

The Group will finance the New Loan with the Company's general working capital.

Both Customer C and Customer D are closely connected to each other and are retirees. The Borrowers are our repeated customers and were approached by the Group through its network. The Directors are of the view that the terms of the New Loan Agreement were entered into on normal commercial terms based on the Group's credit policy.
